The SEEDS You Choose Leadership Award enabled me to invite Dr. Svetlana Pasti, researcher and docent, School of Communication, Media and Theatre, University of Tampere, Finland, to present a lecture on Russian journalism to interested faculty and students, to lead a workshop for graduate students to mentor them on managing a large multi-country research project, and to work with me on writing and co-editing publications from the research project.

Both the lecture and the workshop were conducted on March 15 and 16, 2016, respectively. In addition, Dr. Pasti presented the lecture on Russian journalism to two classes on March 15, one in the morning before the public lecture and one in the late afternoon after the public lecture. Further, Dr. Pasti and I spent a considerable amount of time working on chapters of a book we are co-editing. All in all, from the point of view of amount accomplished, it was a successful visit.

I did not encounter any issues or problems in implementing the award. I am grateful to the SEEDS office for the support financially as well as administratively.
